

HOUSE OF CARDS

Ever wondered what holds up monstrous skyscrapers, beautiful monuments or one's own house?? CONCRETE, PILLARS..... well not really, the right answer is PASSION. Passion to create, passion to build, passion to design. If one has the passion then even cards can behold the structures. Samnivesha brings you a chance of showing your engineering skills with cards and passion! So get innovative and build your own house with CARDS.

EVENT STRUCTURE

The event comprises of TWO rounds, of varying difficulty levels. Teams shortlisted from round 1 will compete in round 2.

TEAM Size- Each team should be of 2 members.

RULES

- 1) Each team will be provided with a certain number of deck of cards and some paper tapes.
- 2) Participants will be given a problem statement under which they have to replicate a given 3-D structure with the help of given cards.
- 3) For first round, participants will be given '120 minutes' to complete the task.
- 4) For second round, participants will be given '60 minutes' to complete the task.
- 5) In case none of the team is able to complete the task in the allotted time then the team which is most close to the completion will be declared as winner.

JUDGING CRITERIA

Participants will be judged on the basis of STABILITY, ACCURACY & AESTHETICS of the model. In case of any dispute final call will be taken by the ORGANISING COMMITTEE.
