GEO-MANJI

!TREASURE HUNT!

Have you ever been lost and located yourself with help of google map? Remember the cartoon Dora the Explorer, the way she used to explore with help of clues and direction. The Association of Civil Engineers (ACE), IIT Patna brings the platform for you where you can use your knowledge of Geometry, Surveying and Topography. The event requires participation in team and it involves reaching various checkpoints with help of clues collected during your journey and completing the task allotted. With the unlimited adventure and enthralling fun packed in every step you take, the game will surely be in your good books.

GENERAL RULES AND GUIDELINES

1. Each team can have at most 3 members.
2. At the Registration desk each team will be provided with clues and map of IIT Patna that will lead them to another checkpoint.
3. At each checkpoint you will be given clues to locate the another checkpoint. You will also be given points and your check-in time will be noted.
4. At the final check point you will be given a final problem statement which needs to be submitted on the spot.

JUDGING CRITERIA

Winner will be decided based on the time taken to complete the event and total points possessed by the team at the final check point.

Important declarations

1. Please keep checking the website and facebook page for further updates.
2. The rules can be modified without any prior notification.
3. In case of any dispute, the decisions made by the organizing committee and the judges will be final and abiding.
